Maybe even better than free.

Unfortunately, we can't make that part free. No account or credit card is required to get started. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. It is also allowed to link to the download page from websites and communities. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You can upload any type of file (movies, music, documents, images, zip files and more). Just upload the file you want to share with your friends and we send you a download link to your file. Why pay storage fees for a file that you justwanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. There are norestrictions on the number of times a file can be downloaded. We have no file size limit. If only we could, we surely would! On the other hand, using file canactually save you money. Using file, you can circumvent those limits without paying to upgrade your team chat service. Files can be downloaded from anycomputer from our high speed servers. Any file in any format can be uploaded and downloaded for free. You don't need any special software installed to be ableto download your files. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Our service is completely freefor everyone. File is free to use with no gotchas and no hidden fees. The cost of that data transfer is covered by your internet service or the data plan on yourphone. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Your wallet will be none-the-lighter! Just so we're all100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device.Simply upload your file and share the link. Keep your files private, or send your download links only to friends or family. You decide who you want to shareyour files with. So try our free and simple filehosting service now. You can give this download link to your friends by mail or instant messenger. filehostingprovides an easy possibility for you to send large files to your friends.
